OC Animal Care
Promoting Life • Promoting Adoption

This program is a cooperative partnership between OC Animal Care, Another Chance for Love and youth correctional facilities. The goal of this partnership is to improve the lives of at-risk youth and shelter dogs. The dogs in this program are potty and crate trained, and have learned their basic manners and obedience skills from a select group of juvenile offenders. In return, the dogs teach the at-risk youth responsibility, respect and the rewards of unconditional love. All the dogs are vaccinated, spayed or neutered, and micro chipped prior to adoption. If you would like to adopt one of these dogs, please contact ACFL09@yahoo.com for an application and information.
