

Boater Focus Group

As a follow up to our email request for information and based on some of the responses received regarding the slip-mix, there appears to be some confusion and misconceptions.

Since early 2006 there have been several group meetings to discuss boater issues in Dana Point Harbor. For each of these meetings, extensive notification and solicitations for participation were issued from OC Dana Point Harbor alone, including:

- **Marina News** mailed with every boat slip monthly statement and to waitlist applicants - Summer 2006, November 2006, December 2006, February 2007
- **Harbor Report** mailed with every boat slip statement - May 2008 and November 2008
- **www.DPHPlan.com**
- **Dana Point Boaters Association Membership Meeting** presentation by OC DPH Director Brad Gross on March 19, 2009

This does not include newsletters sent by Supervisor Pat Bates with information on the meetings, nor the many community/public meetings held over the years where announcements have been made regarding the Boater Focus Group and how boaters can get involved.

Discussions during the Boater Focus Group meetings are inclusive to participants, and all Dana Point Harbor boaters are welcome to attend. For more information please contact OC Dana Point Harbor, 949-923-2236, or by visiting www.DPHPlan.com which contains additional information regarding the marina improvements and a contact page to submit your requests via email.

The next meeting is this evening and it will not be the last opportunity to voice your opinion, nor do we expect a final decision to be made tonight. Our requests are attempts to obtain all the input we can and to allow everyone the opportunity to participate in deciding what the future slip-mix for Dana Point Harbor will be, as well as keep informed on what is happening in Dana Point. This is not an easy task, but with our continued public outreach and the participation of the stakeholders who use the Harbor, we anticipate concluding this portion of the planning very soon.
