### **DRAFT California Coastal Commission Staff Suggested Modifications Local Coastal Program (LCP) Amendment Request No. 1-10 Dana Point Harbor Implementation Plan**

Local Coastal Program (LCP) Amendment Request No. 1-10 is an Implementation Plan (IP) Amendment, which would replace in its entirety, the implementation sections in the Dana Point Specific Plan Local Coastal Program pertaining to the Dana Point Harbor Revitalization Plan. In October 2009, the Commission approved LCP Amendment Request 1-08, which amended the Dana Point Specific Plan Local Coastal Program Land Use Plan to incorporate the proposed Dana Point Harbor Revitalization Plan. Local Coastal Program (LCP) Amendment Request No. 1-10 is the accompanying implementing action to carry out this approved land use plan.

LCP Amendment Request No. 1-10 is anticipated to be heard at the **January 2011 Coastal Commission Hearing in Long Beach**. Commission staff has completed DRAFT Suggested Modifications for this amendment and, due to the size of the document and the upcoming holidays, these DRAFT Suggested Modifications are available for early public review as a courtesy to allow additional time for review prior to distribution of the final staff recommendation for the January meeting by the end of December 2010.
